March 2025

## Limited Edition Artica Collection, Crafted with Crystals by Swarovski®

We are delighted to announce that through our renewed Ingredient Branding Partnership with Swarovski, our luxury crystal chandeliers are now available with 100% original Swarovski crystals.

TRANSPARENT

GOLDEN DAWN

MIDNIGHT GLOW

MYSTIC LAGOON

Manooi chandeliers are renowned for their craftsmanship and use of only the highest quality materials, with their signature brilliance coming from the use of full-cut crystals.

For clients seeking an even more refined and luxurious touch, Manooi offers the option of incorporating crystals by Swarovski - the world's most prestigious crystal brand - into their bespoke lighting creations. By integrating 100% genuine Swarovski crystals, Manooi takes the art of lighting design to new heights, combining innovation with timeless elegance. Our launch collection features our flagship Artica chandelier crafted with transparent crystals as well as three color combinations.

AURORA BOREALIS

In the making of Manooi's chandeliers, only the best quality crystals are used.

Colours can be chosen to best complement the space in which the chandelier will be placed. These examples are just a few of the almost infinite possibilities.

Polished  
Stainless Steel

Painted  
Gold Colour

Manooi has chosen to manufacture frames out of stainless steel due to its longevity and strength.

Most of our standard chandeliers are also available in a version designed to be viewed from above.

This version, denoted by „+TOP”, has crystal trimmings all around the frame so that the visual effect is the same from above as from below.
